### Remember

...that thousands and thousands of Canadian soldiers have given their lives for our freedom. They and their allies crushed down the brute power of Hitler's tyranny to restore order and to bring peace and happiness for the people in Europe. All those who came to Canada after 1945 should realize that the lives of so many Canadian soldiers have made the way free for them to start a new life in this big and great country. Therefore, this coming Friday and Saturday, all of us should wear a poppy to honour and thank the dead, but also to help and thank the needy veterans and their families. And of course, all of us should attend the ceremony at St. Albert's cenotaph this Sunday, at 1:45 p.m., in front of the Community Hall. That is the place where parents, with their children, can show their deep and wholehearted respect for those whose death brought life to us.

### Public Facilities

It was, and it still is, a good custom in St. Albert, that public facilities in many cases, can be used by the St. Albert citizens for practically no cost. This is a good policy which gives the taxpayer the proof and satisfaction of knowing that the town is not owned by private concerns. Nevertheless, in some cases, it is necessary that a small fee has to be charged for the use of power, water, gas, and/or janitor service. This is generally accepted by everybody. From this place, our thanks to the St. Albert Town Council and School Board officials for this service. May we suggest though, that the use of public facilities for youth activities which keep our young people off the streets, could be given completely free of charge, if these activities are guided and supervised by responsible and capable volunteers who are donating their time and effort for the welfare of our youth.

## IMPORTANT NOTICE TO ALL RETAIL MERCHANTS IN ST. ALBERT

Next meeting of the St. Albert Chamber of Commerce will be held at The Lions Den on TUESDAY NOVEMBER 13TH. 1962-8 p.m. Your SUPPORT is NECESSARY for the SUCCESS of our organization. WITHOUT THE HELP OF ALL OF YOU THERE CAN NO LONGER BE A CHAMBER OF COMMERCE IN ST. ALBERT. This would be a great set-back to St. Albert and District as a Whole. Next meeting, NOV. 13th., might well decide the future of THE ST. ALBERT CHAMBER OF COMMERCE.

## FASHION SHOW

The 100 year old Youville Auditorium was gaily decorated in fall colors and autumn bouquets for the Second Annual Hospital Auxiliary Tea and Sale. A capacity crowd came to view the showing of the latest styles from Joanne's Fashions and Goodkey's Variety Store.

Irene Flaherty led the parade, modelling ski apparel, followed by Amy Walker in slims and blouse. Elaine Somwald showed a 2 piece wool plaid suit from Goodkey's, followed by Lynn Oddlieffson in campus attire - homespun skirt and botany sweater. Mrs. Bouchard and her daughter Carol were crowd pleasers in mother and daughter ensembles of red skirts and white blouses. Alice Belley appeared in a lovely paddy green wool dress, followed by Cecile Martindale in a gold knit dress featuring turtle neck detail. She was accompanied by her son Daryl wearing "Days" cords, with "gro-cuffs", and machine washable orlon sweater.

Mrs. Ross showed anew flannel in Costume Plaid. Mrs. Huot modelled a double knit costume, styled by Jacques d'Artin, of Paris. Double knit again - undoubtably this season's favourite fabric - was shown in a new shade, clay, by Therese Regimbald. Cathy Voyer wore a Teacher's Pet 3 piece suit from Goodkey's. Mrs. Laderoute was smart in charcoal and grey 2 piece double knit. Yvette Houle was another "Teacher's Pet" in a 2 piece suit in brown, turquoise and rust stripes. Little Rita LeBlanc was enchanting in Red Heek Suede 2 piece suit. Kay Bonneville wore a more formal black double knit, followed by Margaret Henry in pink bouclé double knit sheath. Kay Oddlieffson was very smart in black flannel skirt

and black lace blouse. Madeliene Mills was elegant in gold shift dress, highlighted with gold lurex thread. Brocade - appropriate for so many occasions was shown by Corrine Arsenault.

Ellie Goodkey was adorable in royal blue velvet, accompanied by Mrs. Gaulin in matching short evening gown and wearing a beautiful sapphire mink stole from Dunwoody Furriers. Louise Seversen was also ready for a night out in her black chiffon bouffant and white mink cape, also from Don Dunwoody Furs. Janie McIntyre ended the showing, appearing in travel pyjamas and robe set in soft blue tones. The drawing for the three main prizes was held at 4:30, and winners were: Mrs. Doreen Makarowski, Edmonton, who chose the quilt; Mrs. Voghel from the Youville Home chose the cake; and Sheila Ross, the petit point picture.

Door prizes were also awarded as follows: 20 loaves of bread, donated by St. Albert Bakery - Mrs. G. Gaulin; spray cologne from St. Albert Drugs - Fred Upton; TV lamp from Tompkins Hardware - Mrs. Edens voucher from Royal Shoes - Mrs. E. Shandley; slippers from Jack & Jill - Mrs. L. Caron; dessert set from Belley Hardware - Mrs. M. Bryan; brush & comb set from Tamblyn's - Mrs. Belieu; hand lotion from Beauty Counsellor - Mrs. A. Akins; grease job from Gaulin's Garage - Mrs. A. Brunner; cream & sugar from Sunset Hardware - Mrs. E. Deane; voucher from St. Albert Cleaners - the lady who won this prize can claim it by calling 599-6768.

The Auxiliary wishes to thank those merchants and all the public for their kind patronage.

Next monthly meeting will be November 13 at 8 p.m. in the Youville Auditorium.

## HALLOWE'EN MASQUERADE

The Hallowe'en Masquerade Dance held last week at the Community Hall was thoroughly enjoyed by all of the 254 guests who attended. About two-thirds of them were in costume. The Combo-Ettes provided the very lively music for the dancing.

Best Dressed Lady was Mrs. Winnie Gaetz, as Pierrette. Mr. Dennis Heffling, as a tall frightening witch, was Best Dressed Man. The Most Humorous prize went to one half of a nurse and patient couple, June Liptak, while Lorne Brothen, as a Zulu, was Most Original. Couple of the Evening was a very colorful pair of Indians, Mr. & Mrs. Tomash.

The Community League thanks all the wonderful people who supported the Annual Masquerade. They look forward to seeing them all back next year.

## BROWNIE GHOSTS AND GOBLINS

A Hallowe'en party was held by the First St. Albert Brownie Pack on Monday October 29 in the lower hall of the United Church under the leadership of Jean Dobie, Brown Owl; Doris Harvey, Tawny Owl; and Packy, Elaine Cuts.

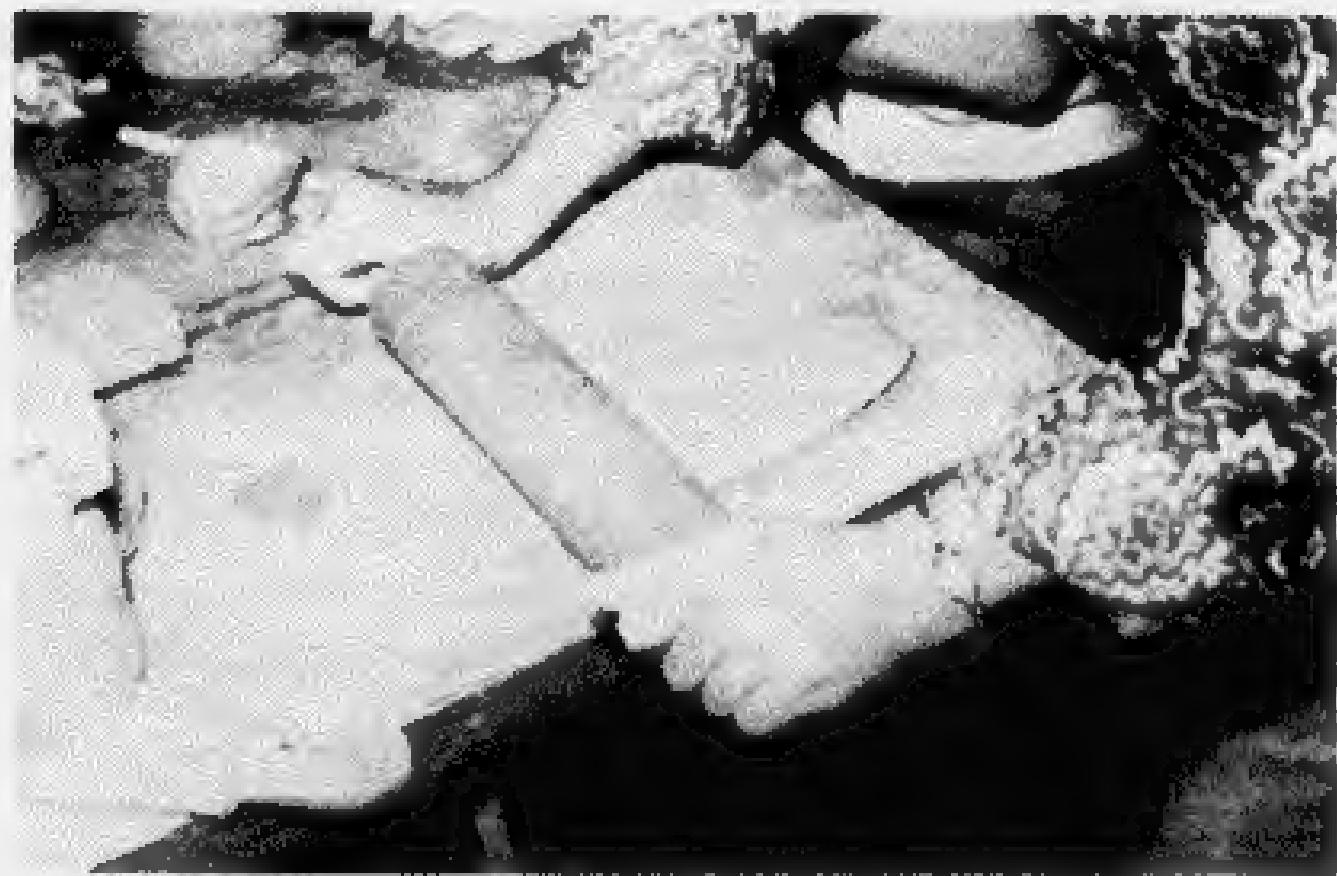

Moving pictures of previous Brownie parties were shown, games and songs were enjoyed by all, with Arlene Olson winning the prize for the peanut scramble. The very difficult job of judging costumes was done by Mrs. J. R. Harvey and Mrs. C. Ryley, with the winners being Lorraine Morrow, for fanciest dressed; Barbara Ross, comical; Diane Donovan, most original; Lorna Harvey, most effort; Debbie Elm, for country representation; and Cora Muis, as a very well dressed Puss in Boots.

## REMEMBRANCE

## DAY 1962

The November 11th Parade will fall in at Grandin Shopping Centre at 1:15 p.m. and will march to the Cenotaph. Two minutes silence will be observed at the Cenotaph at 2 p.m. Parade Marshall, Sergeant at Arms will be Austin Bradley. Marchers to consist of: Legion and Auxiliary Color Party, Legion and Veteran Marchers, Scouts, Cubs, Brownies, Guides, Air Cadet Band, etc. All Veterans are welcome.

## POPPY DAY

Poppy day for children is on Friday, November 9th, at the schools. Contribution should be taken to school Friday morning. For adults, the sale will continue all day Saturday, the 10th.

## WHEN PEOPLE ASK

Why should I wear a poppy?

When you wear a poppy or display a poppy wreath you honour the war dead and you help the living.

How do I help the living?

Your contributions provide quick help for needy veterans and their dependents.

Does any veteran or dependent get poppy fund help?

Yes. In fact 75 per cent of all cases involve veterans who are not Legion members.

Are campaign expenses high?

Campaign expenses are unusually low because all work is voluntary.

How much should I give?

We suggest that you give according to the dictates of your conscience. You might remember that the cost of all the things the poppy fund provides is much higher today than it used to be. Therefore it takes more to do the same job.

## REMEMBRANCE DANCE

The Royal Canadian Legion, #271 Branch, St. Albert, will be holding a Remembrance Day Dance at the Legion Hall from 9 p.m. on Friday, November 9th.

There will be Door and Spot prizes, and a buffet supper.

For tickets, contact Sam Dolhagaray, at 599-6114, or Legion and Auxiliary Executive.

## TEENAGERS THOUGHTS ON REMEMBRANCE DAY

"In Flanders fields the poppies blow  
Between the crosses, row on row,  
That mark our place; and in the sky  
The larks, still bravely singing, fly"

November 11 - Remembrance Day, and these are my thoughts: A poem of remembrance; Two minutes silence maintained out of respect for the dead; A hushed ceremony at the cenotaph.

What does Remembrance Day mean to you? With the threat of war so real these days do we take the time to think of the past two World Wars, or only of the one that looms to imminent? And when we do think of past wars, is it merely a sequence of events that march past in our minds or do we take time to breathe a little prayer for those who died?

Do you think of Remembrance Day as just another "red number on the calendar", a day to watch the football game, wash the venetian blinds, or just sleep in?

How many of St. Albert's nearly 1000 teenagers will be at the cenotaph on Remembrance Day to pay respects to the valiant dead? It doesn't seem like a lot to ask, but surely some soul, somewhere, knows we care, that we will....

"Take up our quarrel with the foe:  
To us from failing hands they throw  
The torch: be ours to hold it high."

## ST. ALBERT BRIDGE CLUB SUCCESS

By Shirley Holman, Public Relations - Phone: 599-7328 (after 6)

The executive met at the Community Hall on November 3rd, to discuss play, membership, supplies, banking and all requirements to get our St. Albert Bridge Club off to a good sound start on a firm foundation.

Mr. & Mrs. Netelenbos have offered their services to give lessons commencing Sunday, November 18, from 7 to 8 p.m. in the Community Hall. Those taking lessons will be charged a fee of 50¢ per lesson, which Mr. & Mrs. Netelenbos have insisted be put into the club treasury. We all wish to thank them for their generous offer of free service in order to give our club a sound financial beginning.

Any of the people taking lessons will be only too welcome to take their place in the regular games starting at 8:05 p.m. This will be excellent practise for those who have played some bridge and are taking extra instruction, to improve their play. The more you play, the more proficient you become.

There is a Northern Alberta Sectional Bridge Tournament, November 9-10-11th, in the Lake Louise Room, Kingsway Motor Hotel. Anyone interested in playing, please call 599-7328 for complete details.

The North-South winners and the East-West winners each Sunday night will be given free play the following Sunday. We had seven and one-half tables (30 people) gather punctually at 8 p.m. Sunday night. Twenty-four boards (or hands) were played. Winners were: North-South Mr. & Mrs. Derek Batchelor and East-West Mrs. Eveline Netelenbos and Mrs. Maybell Austin. These four will have free play next Sunday night.

# EDUCATION AS A WHOLE

## THE TEACHER

by Munroe MacLeod

Retired Superintendent of Schools  
Edmonton Suburban Inspectorate.

Possibly no two people will agree as to what constitutes a good lesson, but superintendents, principals, parents and children are usually in complete agreement as to who is a good teacher. I have been acting as a school superintendent for rather more than a quarter of a century so that my description of the good teacher will be more or less colored by my own experiences.

First and foremost, it must be recognized that a teacher is another person, with the qualities of an ordinary human being and acting accordingly. It is, therefore, unwise to set her up on a pedestal and expect perfection. On the other hand, she is with the children five hours every school day, so that it is reasonable to expect that her code of ethics should be at least as high as that of the parents in the community, preferably higher, and never lower.

Most people make themselves as attractive as possible by making the best possible use of their natural qualities. Standards in the teaching profession are rising rapidly in all respects, hence it can be assumed that the teacher will be well dressed, well spoken and courteous, - in a word cultivated. Since she is talking to the pupils for much of the day it is expected that her speech should be interesting, grammatical, and well modulated.

Young people entering the teaching profession must be prepared to accept responsibilities of many kinds. Administrative duties like supervision of halls and playgrounds are axiomatic. More important, however, is the willingness of the teacher to accept responsibility for teaching the child as he is and not as he should be. Blaming the last teacher or the system or whatnot will not help the child at all.

Very fortunate is the teacher with a good sense of humor. No person needs it more. Many an unpleasant situation may be remedied by a good laugh. The teacher lacking a sense of humor should cultivate one as carefully as she would cultivate a rose!

The modern teacher must have definite convictions and be prepared to justify them. Otherwise she may be "high pressurized" into a number of time-consuming and ultimately wasteful activities. Such high pressure may come from many sources, - parents, fellow teachers, principals, supervisors, superintendents, curriculum builders and many others. This is the age of high pressure in schools and elsewhere.

Let me illustrate. Somebody may have a special project in mind. He is certain that the results of the project will be beneficial to all pupils and will solve many problems, probably all school problems. He calls it a co-operative project so that non-participants may be termed unco-operative! Right here is where the teacher with convictions of her own must look over the project with a "fishy eye", ask many questions and if necessary, have the courage to say "NO" when she is sure that the project is merely waste of time, as it frequently is. On the other hand, it is equally important that the good teacher be willing and anxious to experiment with new methods and new ideas.

Human nature being what it is, the teacher may have favorites, but she will do everything possible to conceal this fact from all concerned. The teacher who punishes a boy because she dislikes him is simply not a professional. Furthermore, the teacher should realize that she is not entering a popularity contest in the school. If she does this she may lose her control and, as a result, her efficiency.

And now reader, if you are wondering why all this talk about the teacher as a person rather than about the training of teachers, my answer is that if we get the right kind of person in the profession, the matter of training should present relatively little difficulty. Some people seem to feel that all our problems in schools will be solved when teachers have four years of training. In this respect, a word of caution may be necessary. The case for 100% degree teachers in junior and senior high schools is an excellent one, because the teachers there must have the knowledge that comes from university training. Whether the same holds true for elementary teachers is another question. For these, I am inclined to stress the importance of non-degree courses dealing more specifically with particular problems from everyday experiences in the classrooms. It seems rather unfortunate that courses and salaries are now tied in such a manner that additional salaries can only be earned through degree courses. Personally, I feel that if salaries are to be tied to courses, then the non-degree courses should be of equal value to the degree courses, provided that they are of the same length. (Having said this, it is probably well for me that I retired this September!)

Now that we have the right kind of person properly trained, we will see what she does in school. The wise teacher gets all the curricula for her grade before school opens and studies them closely. She also provides herself with a copy of the School Book Branch Catalogue, in order that she may know the texts and the reference books. Then she makes herself familiar with all the instructional facilities available in her own classroom, in the classrooms below and above her own and in the school library. She becomes acquainted with all the audio visual aids and with their proper use.

Planning is extremely important. A good teacher will have long range plans covering the whole year's work, daily plans and a timetable ready on the opening day of school. She may revise them all as required.

Now comes the actual lesson in the classroom. The methods of instruction will depend on the teacher, the pupils, and the materials available. The last point is very important, because even the best teacher has difficulty making a lesson interesting without interesting instructional materials. After all, famous lecturers on world travels always illustrate their lectures. The good teacher will not begin the lesson till she has the complete attention of the class, and at the end of the lesson presentation, she will walk around the class noting how well the pupils are performing their assignments. Later she may assign homework or suggest topics that the pupils might like to investigate further. Good teachers always seek the active co-operation of the pupils. In language, for instance, the pupils may read their compositions aloud while the members of the class make constructive suggestions based on previously prepared charts. In the content subjects the pupils may be looking up information from texts, reference books or encyclopedias. In art they may be drawing interesting illustrations of a story from their reader. In arithmetic it may be a matter of drawing the attention of the pupils to their errors.

The good teacher will have very definite rules for the children. She will require them to have separate notebooks for each subject, to preserve samples of their work to show progress, and to write neatly at all times. Even more important she will know what each child may be expected to do and she will demand that he do his very best. Strange how the appearance of a classroom affects a visitor. Some rooms are bare and cold, some are completely disorganized, others again have a warmth, an attractiveness and a friendly atmosphere, that seem almost to meet the visitor at the door and welcome him in. Once inside he sees the beautiful displays of art relative to the content subjects, the science collections, the samples of pupils' work throughout the year, the orderly and well illustrated notebooks and above all, the demonstrations of aroused curiosity on the part of the pupils. A visit to such a room is an unadulterated pleasure.

The good teacher, of course, sends reports to the parents at stated intervals and may arrange for parent-teacher interviews from time to time. The first method of reporting does not necessarily exclude the second, and vice versa. What about the teacher and the community. Many writers have dealt at some length with this subject and some have urged the importance of the teacher as a community leader. Looking back over this article, however, one must realize that the good teacher has a very demanding job and that the time spent in serving the community may have to be taken from time that should be spent in the preparation of the next day's program. If she can do both the community work and the teaching, that is all to the good, but her first responsibility is to teach the three R's. That is what she is paid for. If Johnnie is not learning to read in school, it is small comfort to the parents to know that the teacher is the president of such and such a society! We do not go to the physician who is the best bridge player, we go to the one who can cure our disease. Similarly, in the last analysis, we must judge teachers by their success in teaching children.

## ...So Way...

This little girl is So Way who lives in a small cubicle in overcrowded Hong Kong with her parents, a sister, Kit Wah (5), and a brother, Chun Yui (1). Their home measuring 7' x 7½', is in one of the large tenement flats in a densely congested slum area. Sanitary conditions in these teeming areas are appalling where hygenic facilities are either non-existent or must be shared with many other families. The Mok's cubicle is simply furnished with a double bed, one canvas bed, a chest of drawers, a table, a

chair and several stools. A few odds and ends are kept on a shelf above the bed and they cook their simple meals over a kerosene burner in a corner of the cubicle. For their humble dwelling they pay a monthly rent of \$6.32 which fortunately, includes electricity.

SoWah's father came originally from a poor farming family in a small village in China. He was among the many refugees who fled from mainland China when the Communists came into power, and chose to struggle for survival in Hong Kong rather than live under Chinese tyranny. Upon arrival in the colony, he found employment in a clothing store, where he still works as a clerk, earning \$33.33 a month. But Mr. Mok is suffering from tuberculosis, a condition which recurred after having been arrested for several years. Lately, his health has been greatly impaired, he has become thin and very pale. For years, he had gone to the Chest Clinic for treatment but his present condition is so bad that the doctors ordered him to take a complete rest and to stop working. His employers are still paying him the full salary. So Wah's mother helps to augment the family income by doing some embroidery at home and helping others with odd jobs. Her young children, however, need her attention and she cannot earn more than \$5.30 a month.

So Wah is a very bright and friendly girl and an excellent student in kindergarten. She is first out of 45 students and did so well that she received a prize: a full scholarship for the spring term. Otherwise her tuition fee is 88¢ a month.

Her mother says that she is a very obedient girl and always willing to help at home, and lovingly takes care of her brother. PLAN aid provides this needy youngster with a monthly cash grant of \$8.00, periodic food and clothing parcels and special medical care.

Mok So Wah has been financially "adopted" by a local St. Albert couple, who have promised to contribute \$16.00 a month toward her support for at least one year, through Foster Parents' Plan, Inc.

Foster Parents' Plan is now helping more than 28,000 youngsters in Greece, Italy, France, South Korea, South Viet Nam, Hong Kong, the Philippines and Colombia. If you would be interested in becoming a foster parent to a child, write Foster Parents' Plan, P.O. Box 65, Station B, Montreal, Quebec.

Foster Parents' Plan is a non-profit, non-propaganda, non-sectarian, independent government-approved relief organization which provides children who are orphaned, distressed, or otherwise made destitute with the care, education, and moral support they need. "Adoption" through Plan is financial, not legal. The foster parent promises to contribute \$16.00 monthly for at least one year. Of this sum, the child receives \$8. each month as an outright cash grant. The remainder is used for periodic food and new clothing packages, translations of letters, medical services and education. Because each child is treated as an individual, any special needs of the child or his family are taken care of by Plan from its General Fund. This fund is made up of contributions from the public.

## WOMEN'S

## INSTITUTE

The St. Albert Women's Institute meeting of October 30, was a very special occasion. There were 70 ladies, made up of Charter members, past executives and present members, in attendance to help celebrate our combined 16th birthday party and Charter night.

The first guest speaker was Mrs. S. Thorne, District #2 Director, who spoke on the St. Albert W.I. She said it was one of the most rewarding branches. She also brought greetings from Provincial Council.

Mrs. N. Ross introduced our second speaker, Mrs. A. H. Rogers. Mrs. Rogers joined the W.I. in 1902 in Ontario, and has been one of the leaders of W.I. ever since. She is a very witty speaker and never fails to provide her audience with lots of laughs, as she feels laughter is very important.

The evening's entertainment was started with Mrs. R. Kittlitz singing two songs, one of which was in French.

A short skit was presented by some of the present members, who, representing the ladies of the organizational meeting of October 29, 1946, acted out the meeting as it happened, 16 years ago.

Mrs. W. Fraser presented corsages to the first President - Mrs. L. Akins, the first Chairman - Mrs. N. Ross, the first Secretary - Mrs. B. Sumner, and the first Treasurer - Mrs. Ted Atkinson.

The Charter members answered the Roll Call.

Mrs. L. Adam brought to attention the fact that Mrs. H. Vague was the first and only Constituency Convenor from St. Albert. She held this position for four years.

Mrs. W. Fraser offered her home for this occasion and Mrs. J. Fuhr baked a lovely 2 tier birthday cake.

A well planned lunch of turkey salad, Parker house rolls, fancy squares, birthday cake, tea and coffee was served by the Girl Guilde leaders, while the ladies engaged themselves in much conversation.

Tea was poured by Mrs. H. Vague, Mrs. J. Laderoute, and Mrs. Ted Atkinson.

Mrs. R. Rousolt was in charge of the guest book.

Cub, Kenneth Love of 2nd St. Albert and Scout Ronald Dianocky of 1st St. Albert, are examining the Christmas cards which they will be selling on Blitz Night, November 16.

JUDGE NOT

Pray do not find fault with the man who limps  
Or stumbles along the road,  
Unless you have worn the shoes he wears  
Or struggled beneath his load.  
There may be tacks in his shoes that hurt,  
Though hidden away from view,  
Or the burden he bears placed on your back  
Might cause you to stagger, too.  
Don't sneer at the man who is down today,  
Unless you felt the blow  
That caused his fall, or felt the thorn,  
That only the fallen know.  
You may be strong, but still the blows  
That were his, if dealt to you  
In the self-same way at the self-same time,  
Might cause you to stagger, too.  
Don't be harsh with the man who sins,  
Or pelt him with words or stones  
Unless you are sure, yes, doubly sure,  
That you have not sins of your own  
For you know, perhaps, if the tempter's voice,  
Should whisper as soft to you  
As it did to him when he went astray,  
'Twould cause you to falter, too.

### Y-M-C-A

The YMCA began registering boys and girls last Saturday for the announced classes in swimming and gymnastics. One hundred and twenty-seven turned up and there is still room for more who wish to register next Saturday at 9 a.m., at Sir Alexander Mackenzie School.

These very eager children began gymnastics right away under the supervision of Mr. Guts and Ronald Cuts, who are donating their time to the YMCA, free of charge. Further volunteers are needed to supervise in the hallways of the school and in the lockers at the Y Pool in Edmonton.

The girls had their first swimming lesson on Monday and the boys start next Saturday. They will be picked up by bus at various places and returned to the same point after the lesson. There are instructors to teach everyone, from non-swimmers to those taking life saving. It has been brought to the attention of the Committee of Management that some girls have Guide and Brownie meetings on Monday night, so are unable to attend swimming classes. If any of these girls are interested in swimming, please register anyhow, and possibly the day may be changed.

If there is anyone not able to pay the fee all at once, contact the Committee of Management, and installment payments can be arranged.

Eric Page - Kaa, Pack B  
Registration is just one of the many jobs a Scout leader must do, and here Eric Page has just finished registering three of the thirty-one Cubs at Pack B of the Second St. Albert.

Eric has been living on Sunset Blvd in St. Albert for the past sixteen months. A native of Saskatchewan, Eric was two years a Scout at Birch Hills in that province. Able to help out occasionally last year, Eric has taken a place in leadership this year. Mr. and Mrs. Page have three sons, all future Scouting.

### TOO MANY FOR ONE

Is your son now on a waiting list to get into Scouting in St. Albert? It is because the rest of us sent our sons in unlooked for numbers, and the Packs just can't hold anymore. Right now, there are not enough leaders for the two packs in organization. The question now posed is "When will a new pack be formed and who will staff it?"

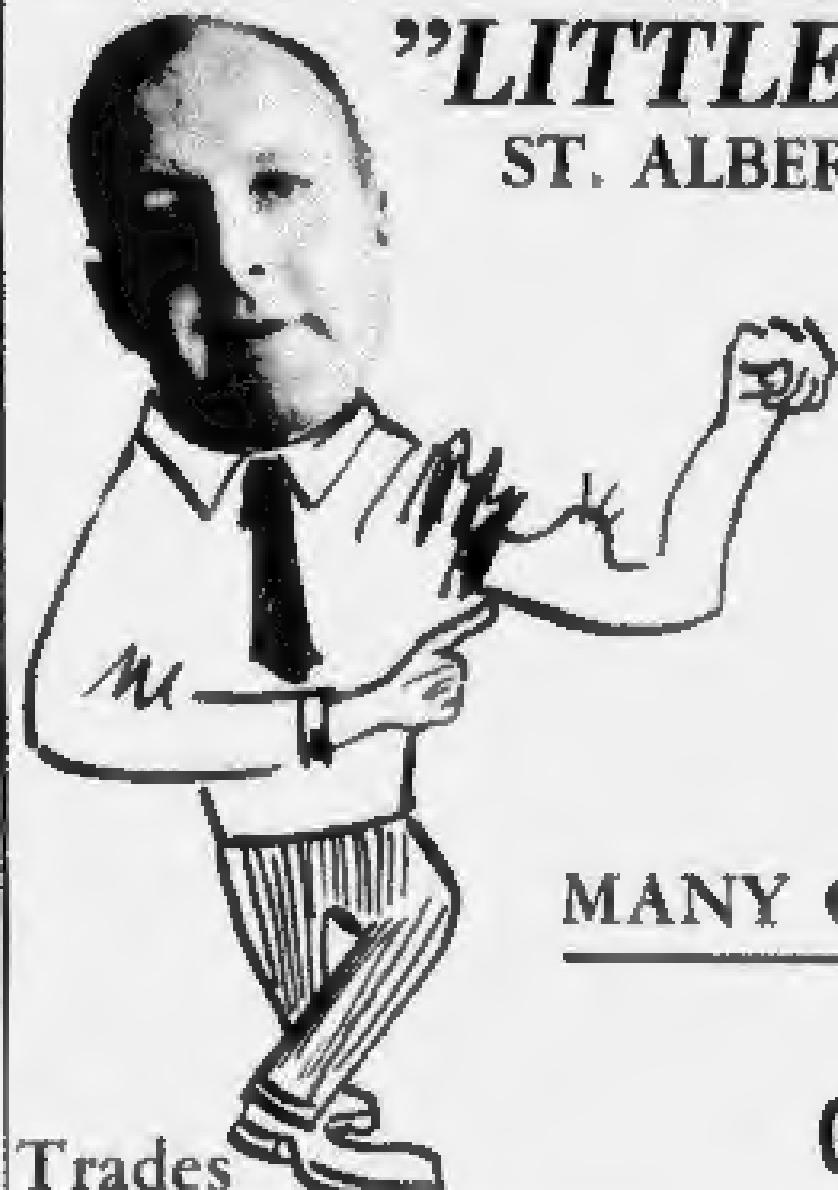

### WANTED - YOU

When you reach the school (either Sir Alexander Mackenzie or Sir George Simpson) at 6:15 on Wednesday evening, go right over to the Cubmaster and tell him that you have come to help. Lady or man, experienced or not, in Scouting you will be most welcome. Don't be too surprised if you are a Cubmaster in a few years. We are sending our boys in such numbers that it is going to take many to fill leadership roles. We have appreciated the help our sons have been given in Scouting. Let's show our appreciation by spending an evening with the boys.
